Dated- 08 February 2018.

Ref no.-

To,  
The Head of Department,  
Placement Cell/HR.

Subject: Prospective Entrepreneur Symposium on 17 February 2018 at Arif Castle from 2:30pm onwards.

Respective Concern,

**Greetings from Amartech Convergence Pvt. Ltd. and Awadh Technology Park Pvt. Ltd.**

We are pleased to inform that we have collaborated to create and provide a platform for identifying and supporting the students who have innovative business ideas and dream of becoming an Entrepreneur but are faced with constraints such as lack of seed capital, guidance in financial matters, governance, regulatory issues etc. We will provide an ecosystem conducive to germination of ideas and mentor it till it reached a stable growth. To this end we are organizing a symposium to disseminate knowledge about our activities, enable interaction and exchange of experiences with some successful first and second generation entrepreneurs. The seminar will provide opportunity to prospective entrepreneurs to make a short presentation before the expert screening committee.

The Symposium will be attended by Placement cell HOD from your esteemed Institute and other Institutes and their students who are identified by faculty as prospective entrepreneurs. Needless to say that the Seminar we will be confining to potential entrepreneurs eligible as Start Ups under present policies.

The potential entrepreneurs will be shortlisted by a Screening Committee comprising of established entrepreneurs, faculty and industry experts. In a second stage screening finally prospective entrepreneurs will be selected. These candidates will be mentored by us till they reach growth stage. The details regarding the seminar and registration forms for participation is available in our websites & also please regarding any queries/suggestions/details related to participation can be mailed to : [Entrepreneur-signup@amartech.co.in](mailto:Entrepreneur-signup@amartech.co.in)

1. [www.amartech.co.in](http://www.amartech.co.in)
2. [www.awadhtechpark.com](http://www.awadhtechpark.com)

We seek your Institution's active participation in the Symposium. This will also give an opportunity to your faculty and identified students to interact with faculty from other participating Institutions.

We hope to hear from you soon.

Best regards,  
Yours truly,

Pooja Chakraborty  
Programme Coordinator
